## Summer Comfort

Talcum powders have almost entirely superseded the old-fashioned  
flesh powders made from rice flour and vegetable substances.  
The principal advantage of talcums over vegetable powders is that  
they are of mineral origin and cannot possibly dissolve, ferment or  
irritate the skin when moistened with perspiration.

### OUR HELIOTROPE TALCUM

is the best flesh powder that can be used. It is finely powdered and  
contains antiseptics which make it very healing. Its use during hot  
weather will insure comfort and a feeling of cleanliness even if one per-  
spires freely. For nursery use it is unsurpassed. Price 25c.

## THEY'RE WELL ENTERTAINED

### The Excellent Program Being Car- ried out Satisfactorily.---Con- gressman Carter Speaks.

Today is the second day of the re-  
union and the program this morning  
was followed out as published in the  
News on Tuesday, except Senator  
Roddie's address which was publish-  
ed to occur Tuesday.

The Ada Military Band was on  
hand and the music furnished by  
them thrilled all present with patriot-  
ism and love for the lost cause.

Attorney J. W. Dean was the first  
speaker this morning and in an  
easy and pleasing manner entertain-  
ed the large audience with an ad-  
dress remarkable for its eloquence.  
His subject was, "The South Justified."

A quartette, "Tenting on the Old  
Camp Ground," was rendered by Mrs.  
Kirtley, Miss Lucas and Messrs.  
Wymore and Guest. The Chicago  
Quartette, who tours the universe,  
could not have improved on the  
selection or the rendering of same.  
It was enjoyed by all.

Senator Roddie, for thirty minutes,  
delighted the Confederate Veterans  
as well as others with an address  
on the subject, "Why the Confederate

and southern favorite. The band,  
the best one in Oklahoma, responded  
and the people arose en masse and  
their shouts together with the thrill-  
ing music almost rent in twain the  
canvass shelter. Gen. Brant Kirk,  
commander in chief of the Sons of  
Confederate Veterans, was then pre-  
sented and in an able manner ad-  
dressed the assembly. He paid a  
glowing tribute to the south's heroes,  
those who had part in America's first  
conflict, the Revolutionary war, those  
who immortalized themselves in the  
sixties, and those who made the  
south glad during the contest with  
Spain. In the course of the general's  
address he paid high compliments to  
Ada and Pontotoc county, character-  
izing the people down here as of the  
solid south.

### Reunion Program.

Following is the program for this  
evening and Thursday morning. Re-  
ception to the Veterans by the ladies  
and members of the 25,000 club from  
8 to 9 p. m.

### MISS GRACE BRYAN

Veterans Are Not Rebels." His ef-  
fort eminently pleased his audience.  
The address indicated careful prepa-  
ration and it pleased.

Major Holt of Sherman, Texas,  
father of City Attorney Holt of Ada,  
is a distinguished guest at the re-  
union, and he was called forward  
this morning. For several minutes  
he delighted all with his witty and  
catchy remarks. One could easily  
tell that he had been there, and  
was proud that he was one of the  
boys who wore the gray in the  
bloody sixties. He extended a cor-  
dial invitation to all present to at-  
tend the Old Settlers' Encampment  
at Sherman at an early date.

The ranks are being thinned out  
fast. Many of the boys in gray with-  
stood the many privations and fatal  
conflicts of the sixties, but they one  
by one must give up under the ad-  
vance of years upon their lives. They  
are few now, but as they go, one  
by one, our hearts are filled to over-  
flowing with profound affection for  
those who are yet here.

The grounds were literally covered  
with people Tuesday evening. Several  
brief addresses by visiting veterans  
were enjoyed by the large audi-  
ence. About 9 o'clock after an address  
was delivered, wherein a tribute was  
paid to the south's favorite air,  
Dixie, there was a spontaneous call  
from the crowd for this war time

### Thursday Morning 10 O'clock.

Address, "Why the Confederate  
Veterans Are Not Rebels," Senator  
R. M. Roddie.

Address by Hon. J. F. McKeel.

Address by Hon. J. E. Webb.

Address, Gen. D. M. Hailey.

the veterans.

### BRYAN WANTS PAPERS.

Thinks the Case of Labor Leaders  
Will Aid Him.

Lincoln, July 21.—Bryan has sent  
to Washington for all papers in the  
proceedings where Samuel Gompers,  
John Mitchell and Frank Morrison  
are accused of contempt of court in  
violation of the injunction against  
listing the Buck stove company of  
St. Louis as unfair.

Bryan believes the case just illus-  
trates the platform stand against  
the injunctions. He expects to make  
a statement when familiar with all  
details. The case is set for hearing  
in September and if possible the  
democrats will have it settled then.  
They believe it will furnish excel-  
lent campaign material for use  
among working men.

Visitors at the reunion can save the expenses of their trip here by purchasing goods needed from Ada merchants who are offering such great bargains.

Ada is doing herself proud in entertaining the ex-Confederate Veterans at their reunion. This is the way Ada has of doing everything—just as it ought to be done.

Muskogee is in the throes of celebration of the removal of restrictions. That city is equal to the occasion, and the visitors from a distance will see enough of western push and progressiveness to open their eyes.

Judge Taft, the republican nominee for president, is reported to have said that he regrets having quit the bench. After the election in November, when W. J. Bryan will be chosen as president, Judge Taft will regret still more that he did not remain on the bench.

The camping grounds of the reunion look like a carnival. There was an immense and good-natured crowd there last night. Booths for the sale of many things and in one tent, an old-fashioned dance was in progress to the delight of the participants and lookers-on.

## HON. CHARLES D. CARTER.

The Hon. C. D. Carter, our congressman, came in this morning and addressed nearly two thousand people at the reunion grounds this afternoon.

Not much more than a year ago, Charlie Carter, a modest, unpretentious democratic citizen of Ardmore, came to Ada in the interest of his candidacy for congress—a candidacy promoted by the concerted action of his friends at his home and throughout the district, for it was recognized by them that he is a citizen of such proven worth and accomplished personality, that in him the 4th district would have a representative, should he be sent to congress, who would accomplish practical results and be true in every particular to the best traditions of the Democratic party.

When Mr. Carter came to Ada last year in the interest of his campaign, he made the phenomenal record of meeting and electioneering, with about seventy citizens on Main street, hand to hand, one at a time

in about thirty minutes. Mr. Carter was after votes and he got them.

This morning when Mr. Carter came to town, though not feeling very well and plied with invitations to take a quiet rest and entertainment at several homes, he, notwithstanding he possesses incomparable popularity in this district and no opposition for reelection, he stated to his escort that before he should rest, he wanted to make his old campaign route down the street and meet the people. This time it did not require many introductions. He remembered all those to whom he had previously been introduced.

It may as well be known now that any of us who may acquire congressional ambitions in the future or be pestered by the buzzing of the Washington bee, had just as well "cut it out," else organize a campaign for the redistricting of the district with Ardmore over the fence, that is, if Charlie Carter should make up his mind to spend his life in congress. He is young, discreet and his physique is excellent.

Mr. Carter carried the largest vote in Pontotoc outside of his own county, and he loves Ada next to Ardmore, though he may gentlemanly and diplomatically not utter any such expression.

## PITTSBURG'S MODESTY.

Bathers in Peckaboo Suits Arrested and Fined.

Pittsburg, Pa., July 21.—About twenty persons were arrested here today for disobeying the order of the police department that persons must be sufficiently clothed before going to bathe in the pools of the city. The peckaboo bathing suit appeared in evidence this morning and the police of the city were busy picking up offenders and rushing them to the police station, where they were forced to appear before the magistrate. The judge then decided whether or not their bathing suits were of sufficient length, and whether they met other requirements. The orders of the police were that every one should be completely covered from neck to knee, and there were some interesting sights in the police station when the officers dragged in some of them who wore the most abbreviated of bathing trunks. Everybody was fined \$1 and threatened with jail next time. There were a few women among those arrested.

## SCHOOL LAND PETITION.

Sufficient Names to Cause Order for Election to Issue.

Guthrie, July 21.—More than 22,000 people in the state and all of them voters, have signed the initiative petition for a vote on the school land bill.

The bill was drawn up in Guthrie several weeks ago by a committee of school lessees and others. The lessees were in the majority, having six members. The other members were Governor Haskell, Speaker Murray, Senator J. Elmer Thomas of Lawton, John Golobie and F. H. Greer.

The petitions for a vote on the bill come from every portion of the state and are signed by a great many persons who are not lessees but who would like to see a vote on the question. Twenty-two thousand names were necessary in order to secure a vote on the proposed bill.

The big petition will be formally filed with the secretary of the state some time this week. Under the Murray law there is a possibility of protests being made against the sufficiency of any petition on a proposed measure, but it is extremely unlikely in this case.

A ballot title is to be formulated by the attorney general and this must be so worded as not to be an argument for or against the proposition or prejudice the voter in any manner regarding the question.

After the preparation of the ballot title the next thing is the issuance of a proclamation by the governor, in which he calls for a vote on the question and announces the date of the election. In this instance it will be the same day as the regular presidential election.

## \$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. ## SENATOR RODDIE OPPOSES SALE.

Speaks at Meeting to Organize Against Disposing of School Land.

Styre, Okla., July 21.—Strong opposition to the sale of the school lands has developed in this section and a meeting has been held to organize a campaign against it. The bill for the sale of the lands as drawn in Guthrie by the lessees' committee, will be fought to the bitter end, as it is believed that under this bill the lands will be sold far below their actual value.

Talks on the school land question were made by George C. Whitehurst, Senator Agree of Dewey county, Senator Roddie of Pontotoc county, Prof. A. R. Harris, county superintendent, S. M. Flourney and J. O. Long. Senator Roddie, states as a mat-

ter of principle he was in favor of the ultimate sale of the school lands, but that he was opposed to their sale under the terms of the Murray bill, or under any other plan which would not guarantee to the state the full value of the lands. He also favors holding the common schools lands until such time as they will bring a good price.

It was decided to form a state organization at a meeting to be held in Oklahoma City on August 15, at which time an association will be formed having for its purpose the protection of the state in the matter of the disposition of the school lands.

## HASKELL'S SCORCHING LETTER.

Writes Editor Oklahoma City Times a Hammer.

Guthrie, Okla., July 21.—Governor Haskell sent the following open letter to Omer K. Benedict, editor of the Oklahoma City Times:

Muskogee, Okla., July 20.—To Omer K. Benedict, Editor Oklahoma City Times:

Sir:—I have just this minute noticed in your paper that you have decided a try to earn the fifty dollars in gold offered by the New State Tribune to you or any one else who would point out a single instance wherein C. N. Haskell, as governor, has acted contrary to any of his campaign pledges or speeches. You select the case pending in the court here at Guthrie against the Paririe Oil and Gas Company relating to an oil pipe line and say you will leave accept your offer to treat the position of the governor in this case the question to W. J. Bryan. We as deciding the question as to whether you have earned the fifty dollars or whether you have earned the title of an infamous liar in your frequent statements that Haskell has not kept his campaign pledges. Of course your wanting to go to Nebraska to find a referee is simply some of your ordinary shush and therefore while accepting the question at issue we will have a referee at home within our state and as the case is already pending in court we will take the final adjudication of the courts as deciding the question. If Haskell's position in this case violates his campaign pledges you get the fifty dollars in gold. If the decision is in favor of Haskell's position then you do not get the gold but stand as a confessed liar before the people of this state. Do you accept these terms.

Respectfully,

## Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

## WHERE THE QUALITY LIES.

Margaret E. Sangster thus sensibly writes in the Christian Endeavor World concerning the common work of life:

It is not only by doing brilliant things once in a while, but the doing ordinary things every day, in the best way possible, that the world's work gets itself done. In the present subdivision of labor it may be that there is less occasion than formerly for the exercise of individual taste and judgment, but there is still the necessity for the performance of a single duty thoroughly and well. To me there is inspiration in the thought that, though the bit of the task entrusted to one may be slight and apparently obscure, yet the aggregation of the whole, so delicate, so complex in its parts, is tremendous in its bearing on the age, and belongs to us every one. Only by drudgery do we advance. Drudgery in the school room, drudgery in the home, drudgery in the mine, drudgery in the cab of the engineer, drudgery in the minister's study, drudgery in the White House, everywhere it is the dogged persistence, the holding on to one's job till it is finished, that leads to the coronation of success. You count and I count in the sum total of the universe if we take hold of our share of the common task with earnestness, sincerity, and good cheer."

A speaker in a missionary convention said: "The object of this meeting is to work down the spirit of giving. It was a startling statement until it had been commented on. This spirit usually strikes the head; we assent that it is the right thing to do. After a while it reaches the month, we say that it is the right thing for ourselves and others to do. Then it reaches the heart, conscience and will, and, then, the pocketbook. Then, not till then, do we know what consecration means also coinsecration. Are you carrying around a pocketbook that the spirit of giving has not yet reached? Then cease asking for heavens richest blessings upon you, and put yourself in the condition to receive them.—Kind Words.

## ORDINANCE NO. 143.

An ordinance regulating the selling of jewelry, spectacles, etc., by traveling agents and peddlers, in the city of Ada.

Be it ordained by the Mayor and Councilmen of the city of Ada:

Section 1. That hereafter, it shall be unlawful for any traveling agent, peddler or other traveling person to engage in or to sell, or offer for sale any jewelry, spectacles, glasses, or other articles usually sold in a jewelry establishment, in the city of Ada, Oklahoma, without first paying for and receiving a license therefor from the city clerk of said city.

Section 2. That the sum of ten dollars per day shall be charged for all licenses for the selling of the above articles, and the said license shall be issued by the city clerk in the form prescribed by law or in general use in said city.

Section 3. All persons violating this ordinance shall be fined by the police judge in any sum not exceeding twenty-five dollars.

Section 4. That this ordinance shall go into force and effect from publication and shall repeal all parts of ordinances in conflict herewith.

# SAPULPA GOES DOWN.

Ada Tigers Play Good Game and Are Rewarded by Nice Victory.

A large crowd of fans were on deck Tuesday for the first of the series of games with Sapulpa. The first five innings it looked gloomy for the Ada boys as they failed to score up to that time, Sapulpa running in two the first time they were up. They sent the home boys to the field five consecutive times without a single score. In the sixth, however, Ada concluded to score as many runs as number of innings they had failed previously, and recorded six scores in the sixth inning. It happened like this: Adkins, Ada's right fielder, was up and scored the sensation of the game by landing a three-bagger, bringin in Wright for the first score. Swiskey knocked a single and McCluskey followed with a two bagger and Kiser slugged another just because it was fashionable. Ada scored another in the seventh and Sapulpa again in the eighth. Final score, Ada seven, Sapulpa three.

McDole, Ada's star pitcher, was in the box and made fourteen of the visitors lay down the timber and look silly. This Indian improves with every game never having lost but one in the local park. Smittle in the box for Sapulpa pitched a creditable game.

The second game is on this afternoon and stout playing will be witnessed on both sides this afternoon and tomorrow.

## Be No Flurry.

Hot Springs, July 21.—Melville E. Ingalls, former president of the Big Four railroad, is a strong Bryan supporter. In an interview he denies that Bryan's election would cause a continued flurry in Wall street. Whether Bryan or Taft is elected he says the result in a month would be practically the same.

# WILL TAKE TREASURERSHIP.

Gov. Haskell Will Be Tendered This Position By National Committee.

Guthrie, Okla., July 21.—Governor C. N. Haskell has been tendered the treasurership of the National Democratic committee. Formal announcement, carrying his acceptance, it is said, will be made when the committee meets for organization in Chicago Saturday. Upon the campaign treasurer will devolve the work of gathering the funds with which to wage the party battle for the election of Bryan and Kern, the National ticket.

Prior to the National convention, the Bryan forces, certain of success, urged the Oklahoma executive to take the active management of the campaign as committee chairman. This selection, it is known, would have been highly satisfactory to Mr. Bryan, but as the appointment would have necessitated Gov. Haskell's almost continued absence from Oklahoma until the National election, the place was declined, after the convention had completed its work.

As treasurer of the campaign, it will not be necessary for him to leave the state for a great length of time, which is a condition said to have been largely responsible for the governor's decision. At the Denver convention Gov. Haskell was chairman of the platform committee, as well as the subcommittee which formulated the document. He was one of the supporters of the credential report that unseated the Guffey delegation from Pennsylvania, having been in both wholly in accord with the then prospective presidential nominee.

It has been frequently stated that in event of Bryan's election, Gov. Haskell would occupy a cabinet portfolio. It is not his present intention to attend the Chicago meeting. Later he intends to devote some time in making speeches, and has been awaiting the committee's pleasure before making arrangements here. He will appear in Ohio, Iowa and other central states. It has been suggested he might go as far west as California.

## DANGER IN DELAY.

Kidneys Diseases Are Too Dangerous to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills.

B. F. Mills, of Ardmore, Okla., tailor and dyer, residing at 509 West Main street, says: "In the month of May, 1902, I gave for publication a testimonial recommending Doan's Kidney Pills. They cured me of pain in my back, never severe enough to cause me to lay off work, but sufficient to cause me more pain than one should endure when Doan's Kidney Pills can be easily obtained. I cannot add anything to my original statement today except that I have exerted myself in many ways, but have never had the slightest symptom of a recurrence of my old trouble. Doan's Kidney Pills cure absolutely."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Darkness seems to be as necessary to life and growth in this world as is light. An earnest, tireless worker for Christ who has recently suffered through months of illness, writes a cherry word of sympathy to a fellow sufferer, and adds about herself: "It is a long time since I have done a day's work; it is only a half hour's work, or maybe fifteen minutes at a time. And many days have been in a dark room, I wonder, sometimes, if a dark room is as necessary for the development of characters as it is for the development of negatives. If so, perhaps a time will come when I can look back upon the dark-room days with thankfulness. Just now, I want to work." To wait and to trust, if God directs that, even while one longs to be out in the light and at work,

is to gain and grow in the development which only the dark room can give. How good it is that God can be trusted to decide when the darkness is needed!—Sunday School Times.

Beware of making your moral staple consist of the negative virtues. It is good to abstain from all that is sinful or harmful or hurtful. But making a business of it leads to emaciation of character unless one feeds largely also on the more nutritious diet of active, sympathetic benevolence.—Oliver Wendell Holmes.

### CONGRESSMAN CARTER.

This afternoon Congressman C. D. Carter of this Congress District addressed a great assemblage and those who heard him were unanimous in their praise of the Indian statesman.

It was unfortunate that Mr. Carter was introduced to speak twenty minutes before the time advertised consequently several hundred people anxious to hear him arrived only after he began. However, it was those present at beginning and those arriving later were delighted with the speech of the Indian congressman. His ready flow of language, general ornateness of address and understanding of Confederate history were all a revelation, even with those who knew him to be an accomplished and versatile gentleman.

Mr. Carter received an ovation were all a revelation, even with old veterans. Judge Furman succeeded Mr. Carter and delivered a great address on Jeff Davis. The News proposes to publish an excerpt of this great speech in another issue. Following Judge Furman, Rev. Ahrensbeck, the preacher orator, delivered an address that delighted all. Several did their utmost to draft Hon. Bob Wimbush into the delivery of an address, but he refused, stating that he had engagement at the ball game.

## THEY'RE WELL ENTERTAINED

### The Excellent Program Being Carried out Satisfactorily.---Congressman Carter Speaks.

Today is the second day of the reunion and the program this morning was followed out as published in the News on Tuesday, except Senator Roddie's address which was published to occur Tuesday.

The Ada Military Band was on hand and the music furnished by them thrilled all present with patriotism and love for the lost cause.

Attorney J. W. Dean was the first speaker this morning and in an easy and pleasing manner entertained the large audience with an address remarkable for its eloquence. His subject was, "The South Justified."

A quartette, "Tenting on the Old Camp Ground," was rendered by Mrs. Kirtley, Miss Lucas and Messrs. Wymore and Guest. The Chicago Quartette, who tours the universe, could not have improved on the selection or the rendering of same. It was enjoyed by all.

Senator Roddie, for thirty minutes, delighted the Confederate Veterans as well as others with an address on the subject, "Why the Confederate

and southern favorite, The band, the best one in Oklahoma, responded and the people arose en masse and their shouts together with the thrilling music almost rent in twain the canvass shelter. Gen. Brant Kirk, commander in chief of the Sons of Confederate Veterans, was then presented and in an able manner addressed the assembly. He paid a glowing tribute to the south's heroes, those who had part in America's first conflict, the Revolutionary war, those who immortalized themselves in the sixties, and those who made the south glad during the contest with Spain. In the course of the general's address he paid high compliments to Ada and Pontotoc county, characterizing the people down here as of the solid south.

### Reunion Program.

Following is the program for this evening and Thursday morning. Reception to the Veterans by the ladies and members of the 25,000 club from 8 to 9 p. m.

### MISS GRACE BRYAN

Veterans Are Not Rebels." His effort eminently pleased his audience. The address indicated careful preparation and it pleased.

Major Holt of Sherman, Texas, father of City Attorney Holt of Ada, is a distinguished guest at the reunion, and he was called forward this morning. For several minutes he delighted all with his witty and catchy remarks. One could easily tell that he had been there, and was proud that he was one of the boys who wore the gray in the bloody sixties. He extended a cordial invitation to all present to attend the Old Settlers Encampment at Sherman at an early date.

The ranks are being thinned out fast. Many of the boys in gray withstood the many privations and fatal conflicts of the sixties, but they one by one must give up under the advance of years upon their lives. They are few now, but as they go, one by one, our hearts are filled to overflowing with profound affection for those who are yet here.

The grounds were literally covered with people Tuesday evening. Several brief addresses by visiting veterans were enjoyed by the large audience. About 9 o'clock after an address was delivered, wherein a tribute was paid to the south's favorite air, Dixie, there was a spontaneous call from the crowd for this war time

### BRYAN WANTS PAPERS.

Thinks the Case of Labor Leaders Will Aid Him.

Lincoln, July 21.—Bryan has sent to Washington for all papers in the proceedings where Samuel Gompers, John Mitchell and Frank Morrison are accused of contempt of court in violation of the injunction against listing the Euck stove company of St. Louis as unfair.

Bryan believes the case just illustrates the platform stand against the injunctions. He expects to make a statement when familiar with all details. The case is set for hearing in September and if possible the democrats will have it settled then. They believe it will furnish excellent campaign material for use among working men.

Visitors at the reunion can save the expenses of their trip here by purchasing goods needed from Ada merchants who are offering such great bargains.

Ada is doing herself proud in entertaining the ex-Confederate Veterans at their reunion. This is the way Ada has of doing everything—just as it ought to be done.

Muskogee is in the throes of celebration of the removal of restrictions. That city is equal to the occasion, and the visitors from a distance will see enough of western push and progressiveness to open their eyes.

Judge Taft, the republican nominee for president, is reported to have said that he regrets having quit the bench. After the election in November, when W. J. Bryan will be chosen as president, Judge Taft will regret still more that he did not remain on the bench.

The camping grounds of the reunion look like a carnival. There was an immense and good-natured crowd there last night. Booths for the sale of many things and in one tent, an old-fashioned dance was in progress to the delight of the participants and lookers-on.

## HON. CHARLES D. CARTER.

The Hon. C. D. Carter, our congressman, came in this morning and addressed nearly two thousand people at the reunion grounds this afternoon.

Not much more than a year ago, Charlie Carter, a modest, unpretentious democratic citizen of Ardmore, came to Ada in the interest of his candidacy for congress—a candidacy promoted by the concerted action of his friends at his home and throughout the district. For it was recognized by them that he is a citizen of such proven worth and accomplished personality, that in him the 4th district would have a representative, should he be sent to congress, who would accomplish practical results and be true in every particular to the best traditions of the Democratic party.

When Mr. Carter came to Ada last year in the interest of his campaign, he made the phenomenal record of meeting and electioneering with about seventy citizens on Main street, hand to hand, one at a time

in about thirty minutes. Mr. Carter was after votes and he got them.

This morning when Mr. Carter came to town, though not feeling very well and pilled with invitations to take a quiet rest and entertainment at several homes, he, notwithstanding he possesses incomparable popularity in this district and no opposition for reelection, he stated to his escort that before he should rest, he wanted to make his old campaign route down the street and meet the people. This time it did not require many introductions. He remembered all those to whom he had previously been introduced.

It may as well be known now that any of us who may acquire congressional ambitions in the future or be pestered by the buzzing of the Washington bee, had just as well "cut it out," else organize a campaign for the redistricting of the district with Ardmore over the fence, that is, if Charlie Carter should make up his mind to spend his life in congress. He is young, discreet and his physique is excellent.

Mr. Carter carried the largest vote in Pontotoc outside of his own county, and he loves Ada next to Ardmore, though he may gentlemanly and diplomatically not utter any such expression.

## PITTSBURG'S MODESTY.

Bathers in Peekaboo Suits Arrested and Fined.

Pittsburg, Pa., July 21.—About twenty persons were arrested here today for disobeying the order of the police department that persons must be sufficiently clothed before going to bathe in the pools of the city. The peekaboo bathing suit appeared in evidence this morning and the police of the city were busy picking up offenders and rushing them to the police station, where they were forced to appear before the magistrate. The judge then decided whether or not their bathing suits were of sufficient length, and whether they met other requirements. The orders of the police were that every one should be completely covered from neck to knee, and there were some interesting sights in the police station when the officers dragged in some of them who wore the most abbreviated of bathing trunks. Everybody was fined \$1 and threatened with jail next time. There were a few women among those arrested.

## SCHOOL LAND PETITION.

Sufficient Names to Cause Order for Election to Issue.

Guthrie, July 21.—More than 22,000 people in the state and all of them voters, have signed the initiative petition for a vote on the school land bill.

The bill was drawn up in Guthrie several weeks ago by a committee of school lessees and others. The lessees were in the majority, having six members. The other members were Governor Haskell, Speaker Murray, Senator J. Elmer Thomas of Lawton, John Goloblie and F. H. Greer.

The petitions for a vote on the bill come from every portion of the state and are signed by a great many persons who are not lessees but who would like to see a vote on the question. Twenty-two thousand names were necessary in order to secure a vote on the proposed bill.

The big petition will be formally filed with the secretary of the state some time this week. Under the Murray law there is a possibility of protests being made against the sufficiency of any petition on a proposed measure, but it is extremely unlikely in this case.

A ballot title is to be formulated by the attorney general and this must be so worded as not to be an argument for or against the proposition or prejudice the voter in any manner regarding the question.

After the preparation of the ballot title the next thing is the issuance of a proclamation by the governor, in which he calls for a vote on the question and announces the date of the election. In this instance it will be the same day as the regular presidential election.

## \$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SENATOR RODDIE OPPOSES SALE.  
Speaks at Meeting to Organize Against Disposals of School Land.

Styre, Okla., July 21.—Strong opposition to the sale of the school lands has developed in this section and a meeting has been held to organize a campaign against it. The bill for the sale of the lands as drawn in Guthrie by the lessees' committee, will be fought to the bitter end, as it is believed that under this bill the lands will be sold far below their actual value.

Talks on the school land question were made by George C. Whitehurst, Senator Agree of Dewey county. Senator Roddie of Pontotoc county, Prof. A. R. Harris, county superintendent, S. M. Flourney and J. O. Long. Senator Roddie, states as a mat-

ter of principle he was in favor of the ultimate sale of the school lands, but that he was opposed to their sale under the terms of the Murray bill, or under any other plan which would not guarantee to the state the full value of the lands. He also favors holding the common schools lands until such time as they will bring a good price.

It was decided to form a state organization at a meeting to be held in Oklahoma City on August 15, at which time an association will be formed having for its purpose the protection of the state in the matter of the disposition of the school lands.

## HASKELL'S SCORCHING LETTER.

Writes Editor Oklahoma City Times a Hammer.

Guthrie, Okla., July 21.—Governor Haskell sent the following open letter to Omer K. Benedict, editor of the Oklahoma City Times:

Muskogee, Okla., July 20.—To Omer K. Benedict, Editor Oklahoma City Times:

Sir:—I have just this minute noticed in your paper that you have decided a try to earn the fifty dollars in gold offered by the New State Tribune to you or any one else who would point out a single instance wherein C. N. Haskell, as governor, has acted contrary to any of his campaign pledges or speeches. You select the case pending in the court here at Guthrie against the Pacific Oil and Gas Company relating to an oil pipe line and say you will leave accept your offer to treat the position of the governor in this case the question to W. J. Bryan. We as deciding the question as to whether you have earned the fifty dollars or whether you have earned the title of an infamous liar in your frequent statements that Haskell has not kept his campaign pledges. Of course your wanting to go to Nebraska to find a referee is simply some of your ordinary slush and therefore while accepting the question at issue we will have a referee at home within our state and as the case is already pending in court we will take the final adjudication of the courts as deciding the question. If Haskell's position in this case violates his campaign pledges you get the fifty dollars in gold. If the decision is in favor of Haskell's position then you do not get the gold but stand as a confessed liar before the people of this state. Do you accept these terms.

Respectfully,

## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative month—Tablets or Liquid—and see what it can and will do for you. ## WHERE THE QUALITY LIES.

Margaret E. Singster then sensibly writes in the Christian Endeavor World concerning the common work of life.

It is not only by doing brilliant things once in a while but the doing ordinary things every day in the best way possible, that the world's work gets itself done. In the present subdivision of labor it may be that there is less occasion than formerly for the exercise of individual taste and judgment, but there is still the necessity for the performance of a single duty thoroughly and well. To me there is inspiration in the thought that though the bit of the task entrusted to one may be slight and apparently obscure yet the aggregation of the whole so delicate so complex in its parts is tremendous in its bearing on the age and belongs to us every one. Only by diligence do we advance. Drudgery in the school room, drudgery in the home, drudgery in the mine, drudgery in the city of the engineer, drudgery in the minister's study, drudgery in the White House everywhere it is the dogged persistence the holding on to one's job till it is finished that leads to the coronation of success. You count and I count in the sum total of the universe if we take hold of our share of the common task with earnestness sincerity and good cheer.

A speaker in a missionary convention said. The object of this meeting is to work down the spirit of giving. It was a startling statement until it had been commented on. This spirit usually strikes the hearer we assent that it is the right thing to do. After a while it reaches the mouth we say that it is the right thing for ourselves and others to do. Then it reaches the heart conscience and will and then the pocketbook. Then not till then do we know what consecration means also consecration. Are you carrying around a pocketbook that the spirit of giving has not yet reached? Then we are asking for a new blessing upon you and put yourself in the condition to receive them—Kind Words.

# Ada Tigers Play Good Game and Are Rewarded by Nice Victory.

A large crowd of fans were on deck Tuesday for the first of the series of games with Sapulpa. The first five innings it looked gloomy for the Ada boys as they failed to score up to that time. Sapulpa running in two the first time they were up. They sent the home boys to the field five consecutive times without a single score. In the sixth, however, Ada concluded to score as many runs as number of innings they had failed previously, and recorded six scores in the sixth inning. It happened like this: Adkins, Ada's right fielder, was up and scored the sensation of the game by landing a three-bagger, bringin in Wright for the first score. Swiskey knocked a single and McCluskey followed with a two bagger and Kiser slugged another just because it was fashionable. Ada scored another in the seventh and Sapulpa again in the eighth. Final score, Ada seven, Sapulpa three.

McDole, Ada's star pitcher, was in the box and made fourteen of the visitors lay down the timber and look silly. This Indian improves with every game never having lost but one in the local park. Smittle in the box for Sapulpa pitched a creditable game.

The second game is on this afternoon and stout playing will be witnessed on both sides this afternoon and tomorrow.

## Be No Flurry.

Hot Springs, July 21.—Melville E. Ingalls, former president of the Big Four railroad, is a strong Bryan supporter. In an interview he denies that Bryan's election would cause a continued flurry in Wall street. Whether Bryan or Taft is elected he says the result in a month would be practically the same.

# Gov. Haskell Will Be Tendered This Position By National Committee.

Guthrie, Okla., July 21.—Governor C. N. Haskell has been tendered the treasurership of the National Democratic committee. Formal announcement, carrying his acceptance, it is said, will be made when the committee meets for organization in Chicago Saturday. Upon the campaign treasurer will devolve the work of gathering the funds with which to wage the party battle for the election of Bryan and Kern, the National ticket.

Prior to the National convention, the Bryan forces, certain of success, urged the Oklahoma executive to take the active management of the campaign as committee chairman. This selection, it is known, would have been highly satisfactory to Mr. Bryan, but as the appointment would have necessitated Gov. Haskell's almost continued absence from Oklahoma until the National election, the place was declined, after the convention had completed its work.

As treasurer of the campaign, it will not be necessary for him to leave the state for a great length of time, which is a condition said to have been largely responsible for the governor's decision. At the Denver convention Gov. Haskell was chairman of the platform committee, as well as the subcommittee which formulated the document. He was one of the supporters of the credential report that unseated the Guffey delegation from Pennsylvania, having been in both wholly in accord with the then prospective presidential nominee.

It has been frequently stated that in event of Bryan's election, Gov. Haskell would occupy a cabinet portfolio. It is not his present intention to attend the Chicago meeting. Later he intends to devote some time in making speeches, and has been awaiting the committee's pleasure before making arrangements here. He will appear in Ohio, Iowa and other central states. It has been suggested he might go as far west as California.

## NOTICE.

The tournament races will occur at the reunion ground Thursday afternoon. The prizes will be \$5.00, \$10.00 and \$15.00. Some old veterans will engage in the tournament riding. These events always afford very attractive entertainment and the management of the races believe there will be a large attendance. Don't forget the date, Thursday afternoon at the reunion grounds. 94-2td

## DANGER IN DELAY.

Kidneys Diseases Are Too Dangerous to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills.

B. F. Mills, of Ardmore, Okla., tailor and dyer, residing at 509 West Main street, says: "In the month of May, 1902, I gave for publication a testimonial recommending Doan's Kidney Pills. They cured me of pain in my back, never severe enough to cause me to lay off work, but sufficient to cause me more pain than one should endure when Doan's Kidney Pills can be easily obtained. I cannot add anything to my original statement today except that I have exerted myself in many ways, but have never had the slightest symptom of a recurrence of my old trouble. Doan's Kidney Pills cure absolutely."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Darkness seems to be as necessary to life and growth in this world as is light. An earnest, tireless worker for Christ who has recently suffered through months of illness, writes a cherry word of sympathy to a fellow sufferer, and adds about herself: "It is a long time since I have done a day's work; it is only a half hour's work, or maybe fifteen minutes at a time. And many days have been in a dark room, I wonder, sometimes, if a dark room is as necessary for the development of characters as it is for the development of negatives. If so, perhaps a time will come when I can look back upon the dark-room days with thankfulness. Just now, I want to work." To wait and to trust, if God directs that, even while one longs to be out in the light and at work.

is to gain and grow in the development which only the dark room can give. How good it is that God can be trusted to decide when the darkness is needed!—Sunday School Times.

Beware of making your moral staple consist of the negative virtues. It is good to abstain from all that is sinful or harmful or hurtful. But making a business of it leads to emaciation of character unless one feeds largely also on the more nutritious diet of active, sympathetic benevolence.—Oliver Wendell Holmes.

### CONGRESSMAN CARTER.

This afternoon Congressman C. D. Carter of this Congress District addressed a great assemblage and those who heard him were unanimous in their praise of the Indian statesman.

It was unfortunate that Mr. Carter was introduced to speak twenty minutes before the time advertised consequently several hundred people anxious to hear him arrived only after he began. However, it was those present at beginning and those arriving later were delighted with the speech of the Indian congressman. His ready flow of language, general ornateness of address and understanding of Confederate history were all a revelation, even with those who knew him to be an accomplished and versatile gentleman.

Mr. Carter received an ovation were all a revelation, even with old veterans. Judge Furman succeeded Mr. Carter and delivered a great address on Jeff Davis. The News proposes to publish an excerpt of this great speech in another issue. Following Judge Furman, Rev. Ahrensbeck, the preacher orator, delivered an address that delighted all. Several did their utmost to draft Hon. Bob Wimbush into the delivery of an address, but he refused, stating that he had engagement at the ball game.

### Notice Old Soldiers.

## THEY'RE WELL ENTERTAINED

### The Excellent Program Being Carried out Satisfactorily.---Congressman Carter Speaks.

Today is the second day of the reunion and the program this morning was followed out as published in the News on Tuesday, except Senator Roddie's address which was published to occur Tuesday.

The Ada Military Band was on hand and the music furnished by them thrilled all present with patriotism and love for the lost cause.

Attorney J. W. Dean was the first speaker this morning and in an easy and pleasing manner entertained the large audience with an address remarkable for its eloquence. His subject was, "The South Justified."

A quartette, "Tenting on the Old Camp Ground," was rendered by Mrs. Kirtley, Miss Lucas and Messrs. Wyndore and Gnest. The Chicago Quartette, who tours the universe, could not have improved on the selection or the rendering of same. It was enjoyed by all.

Senator Roddie, for thirty minutes, delighted the Confederate Veterans as well as others with an address on the subject, "Why the Confederate

and southern favorite, The band, the best one in Oklahoma, responded and the people arose en masse and their shouts together with the thrilling music almost rent in twain the canvass shelter. Gen. Brant Kirk, commander in chief of the Sons of Confederate Veterans, was then presented and in an able manner addressed the assembly. He paid a glowing tribute to the south's heroes, those who had part in America's first conflict, the Revolutionary war, those who immortalized themselves in the sixties, and those who made the south glad during the contest with Spain. In the course of the general's address he paid high compliments to Ada and Pontotoc county, characterizing the people down here as of the solid south.

### Reunion Program.

Following is the program for this evening and Thursday morning. Reception to the Veterans by the ladies and members of the 25,000 club from 8 to 9 p. m.

### MISS GRACE BRYAN

Veterans Are Not Rebels." His effort eminently pleased his audience. The address indicated careful preparation and it pleased.

Major Holt of Sherman, Texas, father of City Attorney Holt of Ada, is a distinguished guest at the reunion, and he was called forward this morning. For several minutes he delighted all with his witty and catchy remarks. One could easily tell that he had been there, and was proud that he was one of the boys who wore the gray in the bloody sixties. He extended a cordial invitation to all present to attend the Old Settlers' Encampment at Sherman at an early date.

The ranks are being thinned out fast. Many of the boys in gray withstood the many privations and fatal conflicts of the sixties, but they one by one must give up under the advance of years upon their lives. They are few now, but as they go, one by one, our hearts are filled to overflowing with profound affection for those who are yet here.

The grounds were literally covered with people Tuesday evening. Several brief addresses by visiting veterans were enjoyed by the large audience. About 9 o'clock after an address was delivered, wherein a tribute was paid to the south's favorite air, Dixie, there was a spontaneous call from the crowd for this war time

Thursday Morning 10 O'clock. Address, "Why the Confederate Veterans Are Not Rebels," Senator R. M. Roddie.

### BRYAN WANTS PAPERS.

Thinks the Case of Labor Leaders Will Aid Him.

Lincoln, July 21.—Bryan has sent to Washington for all papers in the proceedings where Samuel Gompers, John Mitchell and Frank Morrison are accused of contempt of court in violation of the injunction against listing the Euck stove company of St. Louis as unfair.

Bryan believes the case just illustrates the platform stand against the injunctions. He expects to make a statement when familiar with all details. The case is set for hearing in September and if possible the democrats will have it settled then. They believe it will furnish excellent campaign material for use among working men.

Visitors at the reunion can save the expenses of their trip here by purchasing goods needed from Ada merchants who are offering such great bargains.

Ada is doing herself proud in entertaining the ex-Confederate Veterans at their reunion. This is the way Ada has of doing everything—just as it ought to be done.

Muskogee is in the throes of celebration of the removal of restrictions. That city is equal to the occasion, and the visitors from a distance will see enough of western push and progressiveness to open their eyes.

Judge Taft, the republican nominee for president, is reported to have said that he regrets having quit the bench. After the election in November, when W. J. Bryan will be chosen as president, Judge Taft will regret still more that he did not remain on the bench.

The camping grounds of the reunion look like a carnival. There was an immense and good-natured crowd there last night. Booths for the sale of many things and in one tent, an old-fashioned dance was in progress to the delight of the participants and lookers-on.

## HON. CHARLES D. CARTER.

The Hon. C. D. Carter, our congressman, came in this morning and addressed nearly two thousand people at the reunion grounds this afternoon.

Not much more than a year ago, Charles Carter, a modest, unpretentious democratic citizen of Ardmore, came to Ada in the interest of his candidacy for congress—a candidacy promoted by the concerted action of his friends at his home and throughout the district, for it was recognized by them that he is a citizen of such proven worth and accomplished personality, that in him the 14th district would have a representative, should he be sent to congress, who would accomplish practical results and be true in every particular to the best traditions of the Democratic party.

When Mr. Carter came to Ada last year in the interest of his campaign, he made the phenomenal record of meeting and electioneering with about seventy citizens on Main street, hand to hand, one at a time

in about thirty minutes. Mr. Carter was after votes and he got them.

This morning when Mr. Carter came to town, though not feeling very well and pined with invitations to take a quiet rest and entertainment at several homes, he, notwithstanding he possesses incomparable popularity in this district and no opposition for reelection, he stated to his escort that before he should rest, he wanted to make his old campaign route down the street and meet the people. This time it did not require many introductions. He remembered all those to whom he had previously been introduced.

It may as well be known now that any of us who may acquire congressional ambitions in the future or be pestered by the buzzing of the Washington bee, had just as well "rent it out," else organize a campaign for the redistricting of the district with Ardmore over the fence, that is, if Charlie Carter should make up his mind to spend his life in congress. He is young, discreet and his physique is excellent.

Mr. Carter carried the largest vote in Pontotoc outside of his own county, and he loves Ada next to Ardmore, though he may gentlemanly and diplomatically not utter any such expression.

## PITTSBURG'S MODESTY.

Bathers in Peekaboo Suits Arrested and Fined.

Pittsburg, Pa., May 21.—About twenty persons were arrested here today for disobeying the order of the police department that persons must be sufficiently clothed before going to bathe in the pools of the city. The peekaboo bathing suit appeared in evidence this morning and the police of the city were busy picking up offenders and rushing them to the police station, where they were forced to appear before the magistrate. The judge then decided whether or not their bathing suits were of sufficient length, and whether they met other requirements. The orders of the police were that every one should be completely covered from neck to knee, and there were some interesting sights in the police station when the officers dragged in some of them who wore the most abbreviated of bathing trunks. Everybody was fined \$1 and threatened with jail next time. There were a few women among those arrested.

## SCHOOL LAND PETITION.

Sufficient Names to Cause Order for Election to Issue.

Guthrie, July 21.—More than 22,000 people in the state and all of them voters, have signed the initiative petition for a vote on the school land bill.

The bill was drawn up in Guthrie several weeks ago by a committee of school lessees and others. The lessees were in the majority, having six members. The other members were Governor Haskell, Speaker Murray, Senator J. Elmer Thomas of Lawton, John Golobie and F. H. Greer.

The petitions for a vote on the bill come from every portion of the state and are signed by a great many persons who are not lessees but who would like to see a vote on the question. Twenty-two thousand names were necessary in order to secure a vote on the proposed bill.

The big petition will be formally filed with the secretary of the state some time this week. Under the Murray law there is a possibility of protests being made against the sufficiency of any petition on a proposed measure, but it is extremely unlikely in this case.

A ballot title is to be formulated by the attorney general and this must be so worded as not to be an argument for or against the proposition or prejudice the voter in any manner regarding the question.

After the preparation of the ballot title the next thing is the issuance of a proclamation by the governor, in which he calls for a vote on the question and announces the date of the election. In this instance it will be the same day as the regular presidential election.

## SENATOR RODDIE OPPOSES SALE.

Speaks at Meeting to Organize Against Disposing of School Land.

Styre, Okla., July 21.—Strong opposition to the sale of the school lands has developed in this section, and a meeting has been held to organize a campaign against it. The bill for the sale of the lands as drawn in Guthrie by the lessees' committee, will be fought to the bitter end, as it is believed that under this bill the lands will be sold far below their actual value.

Talks on the school land question were made by George C. Whitehurst, Senator Agree of Dewey county, Senator Roddie of Pontotoc county, Prof. A. R. Harris, county superintendent, S. M. Flourney and J. O. Long. Senator Roddie, states as a mat-

ter of principle he was in favor of the ultimate sale of the school lands, but that he was opposed to their sale under the terms of the Murray bill, or under any other plan which would not guarantee to the state the full value of the lands. He also favors holding the common schools lands until such time as they will bring a good price.

It was decided to form a state organization at a meeting to be held in Oklahoma City on August 15, at which time an association will be formed having for its purpose the protection of the state in the matter of the disposition of the school lands.

## HASKELL'S SCORCHING LETTER.

Writes Editor Oklahoma City Times a Hammer.

Guthrie, Okla., July 21.—Governor Haskell sent the following open letter to Omer K. Benedict, editor of the Oklahoma City Times:

Muskogee, Okla., July 20.—To Omer K. Benedict, Editor Oklahoma City Times:

Sir:—I have just this minute noticed in your paper that you have decided to try to earn the fifty dollars in gold offered by the New State Tribune to you or any one else who would point out a single instance wherein C. N. Haskell, as governor, has acted contrary to any of his campaign pledges or speeches. You select the case pending in the court here at Guthrie against the Parrie Oil and Gas Company relating to an oil pipe line and say you will leave accept your offer to treat the position of the governor in this case the question to W. J. Bryan. We as deciding the question as to whether you have earned the fifty dollars or whether you have earned the title of an infamous liar in your frequent statements that Haskell has not kept his campaign pledges. Of course your wanting to go to Nebraska to find a referee is simply some of your ordinary slush and therefore while accepting the question at issue we will have a referee at home within our state and as the case is already pending in court we will take the final adjudication of the courts as deciding the question. If Haskell's position in this case violates his campaign pledges you get the fifty dollars in gold. If the decision is in favor of Haskell's position then you do not get the gold but stand as a confessed liar before the people of this state. Do you accept these terms.

Respectfully,

## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month. ## WHERE THE QUALITY LIES.

Margaret E. Singler thru sensible writes in the Christian Endeavor World concerning the common work of life.

It is not only by doing brilliant things once in a while but the doing ordinary things every day in the best way possible, that the world's work gets itself done. In the present subdivision of labor it may be that there is less occasion than formerly for the exercise of individual taste and judgment but there is still the necessity for the performance of a single duty thoroughly and well. To me there is inspiration in the thought that though the bit of the task entrusted to one may be slight and apparently obscure yet the aggregation of the whole so delicate so complex in its parts is tremendous in its bearing on the age and belongs to us every one. Only by drudgery do we advance. Drudgery in the school room, drudgery in the home, drudgery in the mine, drudgery in the city of the engineer, drudgery in the minister's study, drudgery in the White House everywhere it is the dogged pursuit of the holding on to one's job till it is finished that leads to the coronation of success. You count and I count in the sum total of the universe if we take hold of our share of the common task with earnestness sincerity and good cheer.

A speaker in a missionary convention said: The object of this meeting is to work down the spirit of giving. It was a startling statement until it had been commented on. This spirit usually strikes the heart we assent that it is the right thing to do. After a while it reaches the mouth we say that it is the right thing for ourselves and others to do. Then it reaches the heart conscience and will and then the pocketbook. Then not till then do we know what conservation means also consecration. Are you carrying around a pocketbook that the spirit of giving has not reached? Then stop asking for riches riches blessings upon you and put yourself in the condition to receive them—Kind Words.

### Ada Tigers Play Good Game and Are Rewarded by Nice Victory.

A large crowd of fans were on deck Tuesday for the first of the series of games with Sapulpa. The first five innings it looked gloomy for the Ada boys as they failed to score up to that time, Sapulpa running in two the first time they were up. They sent the home boys to the field five consecutive times without a single score. In the sixth, however, Ada concluded to score as many runs as number of innings they had failed previously, and recorded six scores in the sixth inning. It happened like this: Adkins, Ada's right fielder, was up and scored the sensation of the game by landing a three-bagger, bringin in Wright for the first score. Swiskey knocked a single and McCluskey followed with a two bagger and Kiser slugged another just because it was fashionable. Ada scored another in the seventh and Sapulpa again in the eighth. Final score, Ada seven. Sapulpa three.

McDole, Ada's star pitcher, was in the box and made fourteen of the visitors lay down the timber and look silly. This Indian improves with every game never having lost but one in the local park. Smittle in the box for Sapulpa pitched a creditable game.

The second game is on this afternoon and stout playing will be witnessed on both sides this afternoon and tomorrow.

#### Be No Flurry.

Hot Springs, July 21.—Melville E. Ingalls, former president of the Big Four railroad, is a strong Bryan supporter. In an interview he denies that Bryan's election would cause a continued flurry in Wall street. Whether Bryan or Taft is elected he says the result in a month would be practically the same.

### Gov. Haskell Will Be Tendered This Position By National Committee.

Guthrie, Okla., July 21.—Governor C. N. Haskell has been tendered the treasurership of the National Democratic committee. Formal announcement, carrying his acceptance, it is said, will be made when the committee meets for organization in Chicago Saturday. Upon the campaign treasurer will devolve the work of gathering the funds with which to wage the party battle for the election of Bryan and Kern, the National ticket.

Prior to the National convention, the Bryan forces, certain of success, urged the Oklahoma executive to take the active management of the campaign as committee chairman. This selection, it is known, would have been highly satisfactory to Mr. Bryan, but as the appointment would have necessitated Gov. Haskell's almost continued absence from Oklahoma until the National election, the place was declined, after the convention had completed its work.

As treasurer of the campaign, it will not be necessary for him to leave the state for a great length of time, which is a condition said to have been largely responsible for the governor's decision. At the Denver convention Gov. Haskell was chairman of the platform committee, as well as the subcommittee which formulated the document. He was one of the supporters of the credential report that unseated the Guffy delegation from Pennsylvania, having been in both wholly in accord with the then prospective presidential nominee.

It has been frequently stated that in event of Bryan's election, Gov. Haskell would occupy a cabinet portfolio. It is not his present intention to attend the Chicago meeting. Later he intends to devote some time in making speeches, and has been awaiting the committee's pleasure before making arrangements here. He will appear in Ohio, Iowa and other central states. It has been suggested he might go as far west as California.

Tulsa, Okla., July 21.—While signaling a train in the local Santa Fe-Midland Valley yards, A. P. Westien, a Santa Fe brakeman, was run down by a Midland Valley passenger train and may die as the result of his injuries.

#### DANGER IN DELAY.

Kidneys Diseases Are Too Dangerous to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbar, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills.

E. F. Mills, of Ardmore, Okla., tailor and dyer, residing at 509 West Main street, says: "In the month of May, 1902, I gave for publication a testimonial recommending Doan's Kidney Pills. They cured me of pain in my back, never severe enough to cause me to lay off work, but sufficient to cause me more pain than one should endure when Doan's Kidney Pills can be easily obtained. I cannot add anything to my original statement today except that I have exerted myself in many ways, but have never had the slightest symptom of a recurrence of my old trouble. Doan's Kidney Pills cure absolutely."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Darkness seems to be as necessary to life and growth in this world as is light. An earnest, tireless worker for Christ who has recently suffered through months of illness, writes a cherry word of sympathy to a fellow sufferer, and adds about herself: "It is a long time since I have done a day's work; it is only a half hour's work, or maybe fifteen minutes at a time. And many days have been in a dark room, I wonder, sometimes, if a dark room is as necessary for the development of characters as it is for the development of negatives. If so, perhaps a time will come when I can look back upon the dark-room days with thankfulness. Just now, I want to work." To wait and to trust, if God directs that, even while one longs to be out in the light and at work,

is to gain and grow in the development which only the dark room can give. How good it is that God can be trusted to decide when the darkness is needed!—Sunday School Times.

Beware of making your moral staple consist of the negative virtues. It is good to abstain from all that is sinful or harmful or hurtful. But making a business of it leads to emaciation of character unless one feeds largely also on the more nutritious diet of active, sympathetic benevolence.—Oliver Wendell Holmes.

Sick Headache and Etlousness relieved at once with Rings Little Liver Pills. A rosy complexion and clear eyes result from their use. Do not gripe or sicken. Good for all the family. Sold by Gwn, Mays & Co.
